a tension lies at the heart of family law expressed in the language of rights and duties it seeks to impose enforceable obligations on individuals linked to each other by ties that are usually regarded as based on love or blood taking a contextual approach that draws on history sociology and social policy as well as law and legal theory this book examines the concept of obligation as it has been developed in family law and the difficulties the law has had in translating it from a theoretical and ideological concept into the basis of enforceable actions and duties increasingly the idea of commitment has been offered as the key organising principle for the recognition of family relationships often as a means of

rebutting claims that family ties are becoming attenuated but the meaning and scope of this concept have not been explored the book traces how the notion of commitment is understood and how far it has come to be used as a rationale for imposing the core legal obligations which underpin care and caring within families
